## WATER PRESSURE

This mixer is suitable for use at all supply pressures. If the fitting is installed at low pressure (tank fed), then the minimum height from the outlet of the nozzle to the underside of the cold tank should be at least 2 metres to ensure adequate shower performance.

This mixer should be installed in compliance with the Water Regulations. Where the supplies are unbalanced, i.e. hot water from cylinder tank / cold from the mains, approved check valves must be fitted in the supply pipes. For further details contact your Local Water Authority.

Compensation for loss of use of the product or consequential loss of any kind. In the interests of continuous product improvement, Bristan reserves the right to alter product specifications without notice.

The Bristan Product Guarantee does not affect your statutory rights as a consumer.

Need Help?

If your product does not function correctly when you first use it, contact your plumber and make sure that it has been installed and commissioned in line with the instructions in this guide. If this doesn't solve the problem, then please visit [www.bristan.com/bristancare](http://www.bristan.com/bristancare) for some helpful hints and tips, or contact Bristan Care Customer Service on 0844 701 6273 where our expert team of advisors will be able to offer you, or your plumber, help and advice.

Problems During the Guarantee Period

In the unlikely event that you encounter any problems with the product during the guarantee period, contact Bristan Care Customer Service on 0844 701 6273 with your proof of purchase or unique guarantee registration number, and we will work to resolve the problem quickly.

Extended Guarantees

If your product is out of its guarantee period, or you would like to extend the guarantee, then please visit [www.bristan.com/customerservice](http://www.bristan.com/customerservice) for extended guarantee options.

Bristan Care Customer Support

Bristan customers also benefit from the support of Bristan Care, our comprehensive customer support package which offers:

Technical support hotline (Tel: 0844 701 6273) with access to fully trained advisors who can offer installation advice, talk you through quick maintenance checks, or recommend the best course of action to fix any problems with a product

Expert advice Find easy to follow 'how to' video guides and technical FAQs online at [www.bristan.com](http://www.bristan.com). Our guides take you step-by-step through many product installations and you can find plenty of easy guides to quick product fixes and servicing.

Spare parts We hold thousands of spares and we keep them for discontinued products for over seven years. Spares can easily be ordered online at [www.bristan.com](http://www.bristan.com) and are dispatched the same day.

Expert plumbing engineers If we can't solve the problem over the phone or with a spare part, then we'll send out one of our Bristan Care engineers to take a look. Bristan Care engineers provide free support for products that are within guarantee, but are also available to service products that are out of guarantee for a small charge. For details, please call customer services on 0844 701 6273.

## **GUARANTEE**

At Bristan, we want to make things as easy as possible for our customers.

That's why we design products that are easy to fit and use, and that are quality tested to make sure they won't let you down. It's also why we offer solid guarantees on all products, effective from the date of purchase, to give you peace of mind.

All Bristan taps and mixers are covered by a 5 year guarantee. This also includes 1 year labour cover\* which means that, in the unlikely event that you should encounter a problem in the first year after purchase, we'll send one of our expert engineers to fix it.

\*Labour is provided by an approved Bristan Care engineer or appointed representative. The guarantee only applies to products with a manufacturing fault. There will be a call out charge for any incidents where no fault has been found with the product, or if the issue is due to poor installation or maintenance.

Register Now and Extend Your Cover

Register your tap/mixer with us now and we'll extend your labour cover to 2 years – FREE!

You can register quickly and easily online at [www.bristan.com/register](http://www.bristan.com/register). Alternatively, please fill in the details on the enclosed registration card and post it back to us.

Guarantee Terms and Conditions

This guarantee is in addition to your statutory and other legal rights and is subject to the following conditions:

The product was purchased within the United Kingdom or Republic of Ireland.

The product is used in domestic applications only. For commercial or non-domestic applications such as leisure centres, sports clubs, hotels, premises operating as a business, the guarantee period is reduced to 1 year.

The guarantee applies solely to the original purchaser with proof of purchase.

The installation must allow ready access to all products for the purpose of inspection, maintenance or replacement.

Repair under this guarantee does not extend the original expiry date. The guarantee on any replacement parts or product ends at the original expiry date.

Any part found to be defective during the guarantee period will be replaced without charge, providing that the product has been installed in accordance with the instructions given in this guide and used as the manufacturer intended.

The Guarantee Does Not Cover:

Damage or defects caused by

- general wear and tear (including special non-chrome finishes; components such as filters, seals, 'O' rings and washers)
- incorrect installation
- repair using non-Bristan parts
- accidental or wilful misuse
- corrosion and the use of inappropriate cleaning products.
- system debris including the build up of limescale (which can be controlled through regular servicing and maintenance)

## **INSTALLATION**

1. Identify all components and check for completeness, particularly before arranging fitting.
2. Fit the nozzle to the body, using the brass 'C' washer in the groove above the 'O' rings.
3. Fit the legs to the body using the plastic sealing washers.
4. Install the fitting into the sink, using the washers and backnuts provided.
5. Connect the hot and cold water supplies.
6. Turn on the water supplies. Open both valves letting the water flow for a few minutes to flush the system.
7. Check all joints and connections for leaks.
8. See over the page for aftercare instructions.

## **MAINTENANCE**

**Traditional type valves:-** If the fitting leaks from the spindle

1. Remove fitting handle (if necessary)
2. Tighten gland nut on top of valve.

**All valves types:-** If the fitting begins to drip

1. Turn off the water supply.
2. Remove fitting handle and valve.
3. Carefully clean seating and rubber washer.
4. Replace valve and turn on the water supply.
5. Contact our helpline if problem persists.

## AFTERCARE INSTRUCTIONS

Your fitting has a high quality finish and should be treated with care to preserve the visible surfaces.

All surface finishes will wear if not cleaned correctly, the only safe way to clean your mixer is to wipe with a soft damp cloth. Stains can be removed using washing up liquid. All bath cleaning powders and liquids will damage the surface of your fitting, even the non-scratch cleaners.

**NOTE: Never use abrasive detergents or disinfectants or those containing alcohol, hydrochloric acid or phosphoric acid.**

Bristan recommend E-Cloth for cleaning all of our bathroom & kitchen products. Using just water, E-cloth gives a smear free, deep clean by breaking up and holding dirt, which normal cloths leave behind. Order through your Bristan stockist. (ORDER CODE: ECLOTH)

## CLEANING / SERVICING

The hardness of the water in your area will determine how often you should clean and service this product.

Please refer to the Map of Hard Water Areas, on the following page.

## Map of Hard Water Regions in the UK

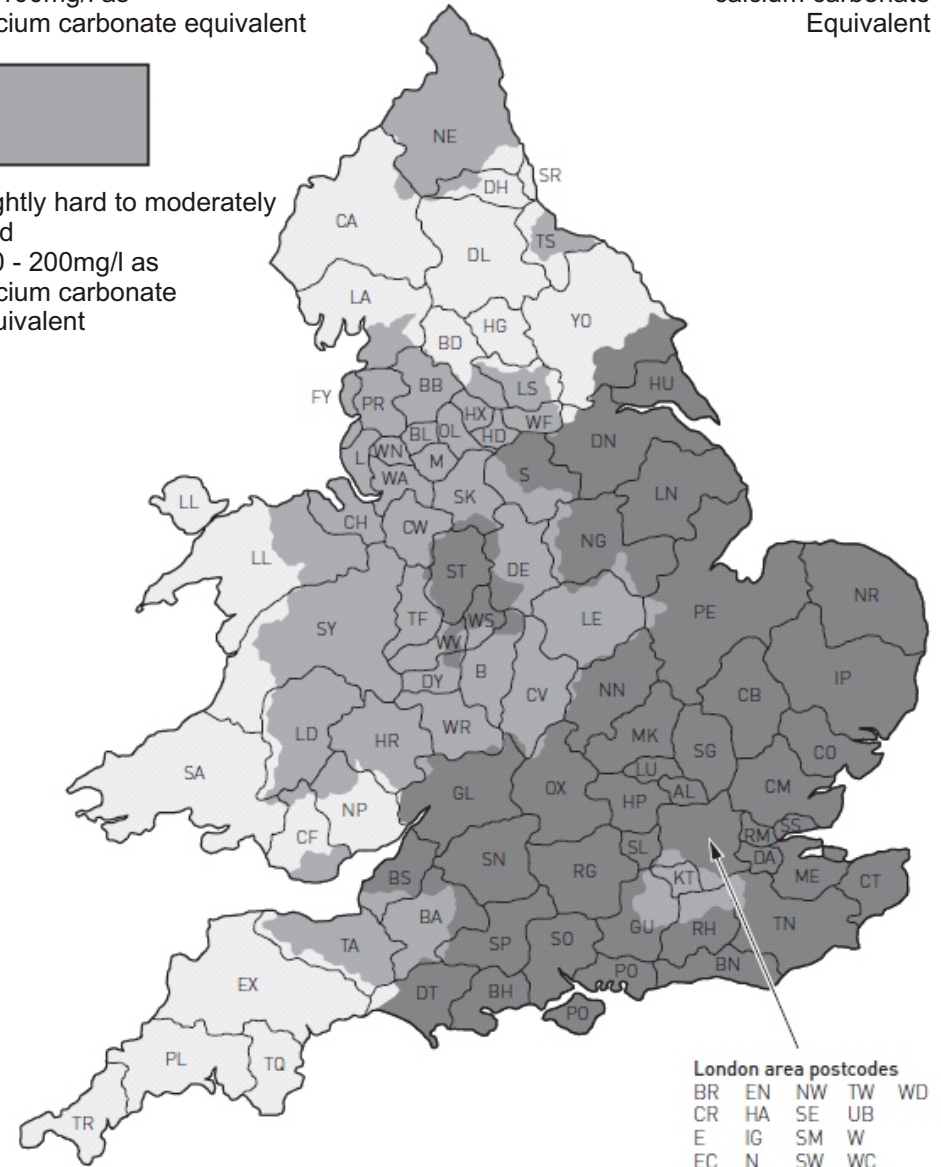

Soft to moderately soft  
0 - 100mg/l as calcium carbonate equivalent
