

Always evenly cooked. Saving time and energy

The 5000 SurroundCook® Oven circulates the air more effectively so food gets evenly cooked anywhere in the oven. Cook using three trays with perfect results, saving up to 20% of time and energy in the process.

Product Benefits & Features

Multilevel Cooking. Consistent heating throughout the oven

Multilevel Cooking, with its additional heating ring, allows you to get even, consistent heating of your dishes with up to three fully loaded oven trays.

Timer Display for precise timing

Timer Display provides guided and precise time control of the cooking process.

Natural, easy oven cleaning with Aqua Cleaning

Clean your oven naturally and easily with Aqua Cleaning. Added water in the oven creates steam to loosen stubborn residue left on the surface, allowing you to easily remove it with a damp cloth.

- Multifunctional oven with ring heating element
- Multifunction
- Retractable Oven controls with LED display
