

Affine Recessed Ceramic Basin - 810mm

Modern rectangular ceramic basin for compatible 800mm freestanding vanity units

Complete your bathroom furniture with the Affine Recessed Ceramic Basin. Its generous 810mm width provides a spacious washing area, while the clean rectangular profile and single tap hole keep the design simple and contemporary. Durable ceramic construction gives you a smooth surface that's straightforward to keep clean.

Key features

- **Recessed basin design** - made to sit neatly with compatible bathroom furniture for a coordinated finish.
- **Compatible with Artis 800mm freestanding vanity units** - designed to create a generous basin and storage combination.
- **Single tap hole** - suitable for a compatible mono basin mixer tap.
- **Built-in overflow** - requires a compatible slotted basin waste.
- **Ceramic construction** - durable, smooth and easy to clean.
- **Rectangular basin shape** - gives the basin a clean, modern appearance.
- **395mm projection** - provides a practical washing area without excessive projection into the room.
- **25-year guarantee** - for long-term reassurance.

What's included

- 1 x Affine Recessed Ceramic Basin - 810mm

Please note: vanity unit, tap and basin waste are not included.

Good to know

Because the basin has an overflow, a **slotted basin waste** is required. The single 35mm tap hole is designed for a compatible basin mixer. Check vanity unit, tap and waste compatibility before installation.

Product information is based on specifications published on Plumbworld.co.uk. Please check dimensions and installation requirements before fitting.
