

Affine Square Edge Recessed Basin - 520mm

Modern ceramic recessed basin for compatible 500mm freestanding vanity units

Complete your bathroom furniture with the Affine Square Edge Recessed Basin. Its clean rectangular profile gives a contemporary finish, while the generous 520mm width and single tap hole provide a practical washing area without unnecessary fuss. Durable ceramic construction also gives you a smooth surface that's easy to keep clean.

Key features

- **Recessed basin design** - made to sit neatly with compatible bathroom furniture for a coordinated finish.
- **Compatible with Artis 500mm freestanding vanity units** - designed to create a practical basin and storage combination.
- **Single tap hole** - suitable for a compatible mono basin mixer tap.
- **Built-in overflow** - requires a compatible slotted basin waste.
- **Ceramic construction** - durable, smooth and easy to clean.
- **Square-edge rectangular shape** - gives the basin a crisp, contemporary appearance.
- **400mm projection** - provides a comfortable washing area for everyday bathroom use.
- **25-year guarantee** - for long-term reassurance.

What's included

- 1 x Affine Square Edge Recessed Basin - 520mm

Please note: vanity unit, tap and basin waste are not included.

Good to know

Because the basin has an overflow, a **slotted basin waste** is required. The single 35mm tap hole is designed for a compatible basin mixer. Check vanity unit, tap and waste compatibility before installation.

Product information is based on specifications published on Plumbworld.co.uk. Please check dimensions and installation requirements before fitting.
