

Product Overview

The Navlin close-coupled WC is designed to feel at home in any 21st century bathroom, with a modern aesthetic and fully compliant cistern.

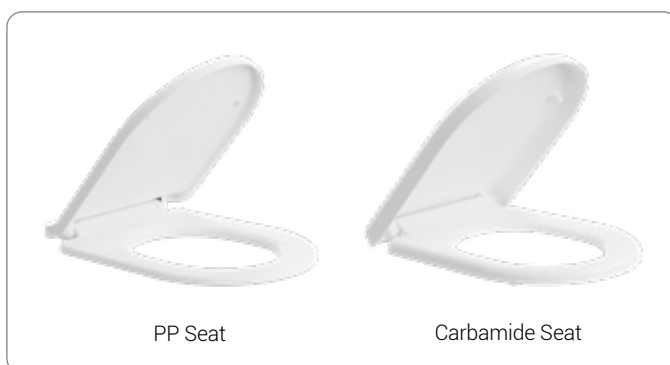

Featuring a clever rimless toilet pan which improves hygiene levels by reducing the number of hard-to-reach areas where germs can thrive, Navlin WCs are available with complementary seats and flush options to expertly cater to a variety of needs.

AKW Navlin and Navlin Doc M sanitaryware ranges have been designed with compatibility in mind, allowing you to create a contemporary bathroom that expertly caters to a variety of needs.

Features & Benefits

- + Standard and raised-height pan options available
- + Rimless toilet pan with direct flushing technique offers improved hygiene levels by reducing the build-up of bacteria and making cleaning easier
- + Pan can support up to 60st (400kg) to cater to a wide variety of users
- + Rounded edges and corners reduce the risk of injury in the event of a trip or fall
- + BS EN 997 approved toilet pan for guaranteed flush performance
- + Two contemporary seat options - Carbamide model offers extra strength and durability, with our polypropylene PP seat a stylish, cost-effective solution - both feature soft-close hinges which are slower, quieter and safer for users, and support up to 23.5st (150kg)
- + Cistern available with a raised push button or spatula lever flush, both of which can be easily operated by hand, closed fist or elbow

navlin

Close-Coupled Pan, Cistern & Seat

- + Optional sensor flush valve offers contact-free flush operation and is available separately; this must be ordered alongside the Navlin Cistern with Raised Push Button Flush and installed in place of the button flush mechanism/valve
- + Lever flush can be installed left or right-handed
- + Cisterns with lever or raised push button flush mechanisms offer full (6 litre) and reduced flush options for increased performance and water efficiency
- + Cistern is fitted with a top-fill inlet valve that has an all-round air gap which fully complies with current UK Water Regulations
- + Overflow pipe is 300mm above pan rim, fully complying with current UK Water Regulations
- + Bottom inlet water connection simplifies pipework
- + Horizontal outlet waste connection for easy installation and maintenance
- + Includes easy-to-secure, two-point, side-entry floor fixings which reduce the build-up of dust and bacteria, are easy to clean, and are supplied with white cosmetic caps to prevent rusting
- + Supplied with fixing kit as standard
- + Pan, seat and cistern (inc. flush mechanism) supplied separately
- + Components individually packaged in recyclable materials to prevent damage during transit

Warranty & Approvals

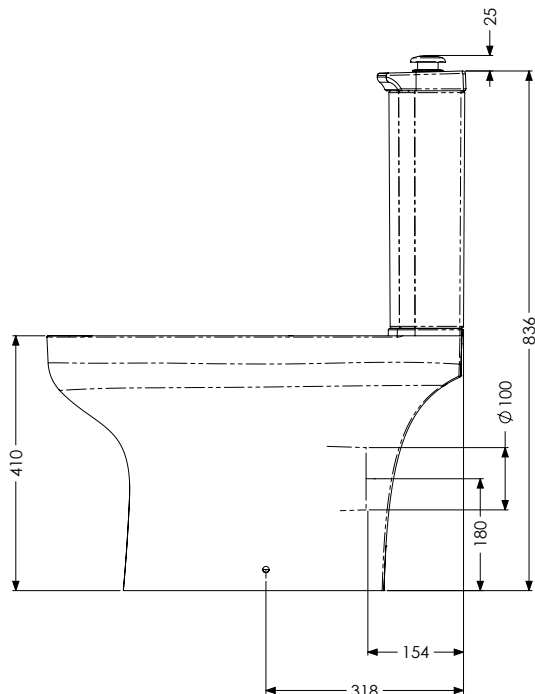

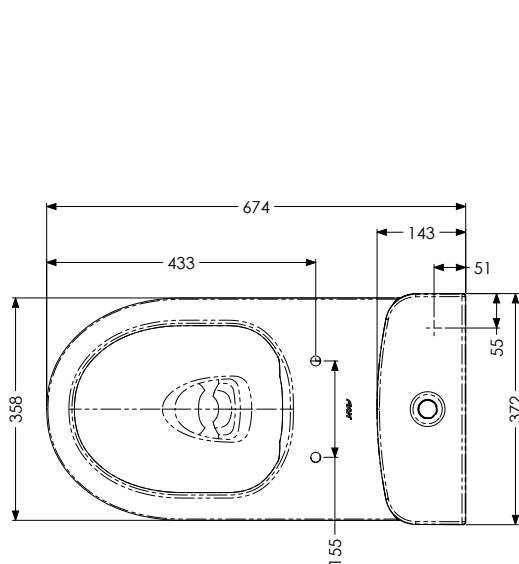

- + Lifetime warranty on pan, cistern and seat
- + 10-year warranty on flush fittings
- + Conforms to BS EN 997 and current UK Water Supply (Water Fittings) Regulations
- + WRAS approved cistern fittings
- + AKW are self-certifying and supplying approved flush fittings in line with current UK water regulations for compliance purposes
