Plinth Heaters - Wireless Controlled

Cleverly concealed in the ‘kick space’ beneath counters, displays, kitchen units, stairwells and fitted furniture, these heaters are suitable for both commercial and domestic environments.

Provides instant heat where space is at a premium and discreet yet effective heating is required. These slimline plinth heaters require a minimum kick space height of only 100mm thereby offering increased installation options.

- 2kW or 3kW rating
- Compatible with any Consort wireless controller
- Easy installation and maintenance
- Minimum kick space height of only 100mm
- Automatic safety cut-out
- **Safety monitoring feature for PHSL3 models:** The heater’s light will flash to indicate the nature of the fault.
- LED indicator light
- Fitted with 2.2m of supply cable
- Three different finishes
