

LIGHT PULL INSTRUCTION LEAFLET

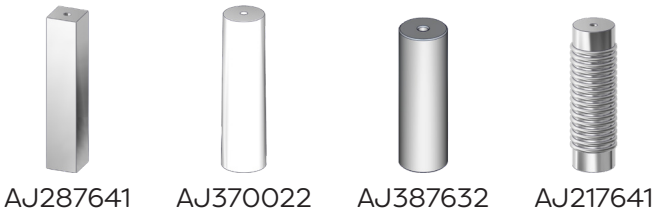

Thank you for purchasing this Croydex product. Please follow these installation and care instructions - to ensure your Light Pull retains its high quality finish. **Retain this manual for future reference.**

WARNING

Always ensure that the mains power to the pull switch is turned off before removing the pull switch cover to replace the cord of a Light Pull. If in doubt please consult a qualified electrician. Please note that a swinging Light Pull may cause damage to nearby surfaces.

Please see below to identify which type of Light Pull you have:

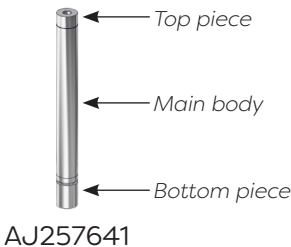

Light Pulls
consisting
of **1 piece**:

Light Pulls
consisting
of **2 pieces**:

Light Pulls
consisting
of **3 pieces**:

**Please see reverse for
installation instructions.**

Installation Instructions for Light Pulls consisting of 1 piece:

• AJ287641 • AJ370022 • AJ387632 • AJ217641 •

- 1 Insert the cord through the small hole at the top of the Light Pull.
 - 2 Push the cord all the way through, and out of the bottom.
 - 3 Tie a double knot at the end of the cord.
 - 4 Pull the cord from the top until the knot is held securely inside.
-

Installation Instructions for Light Pulls consisting of 2 pieces:

• AJ357641 • AJ187641 • AJ2476** • AJ177641 • AJ207641 •

- 1 Unscrew the bottom piece of the Light Pull to remove it.
 - 2 Insert the cord through the small hole at the top of the Light Pull.
 - 3 Push the cord all the way through, and out of the bottom.
 - 4 Tie a double knot at the end of the cord.
 - 5 Pull the cord from the top until the knot is held securely inside.
 - 6 Screw the two sections of the Light Pull back together.
-

Installation Instructions for Light Pulls consisting of 3 pieces:

• AJ257641 •

- 1 Pull the bottom piece off of the Light Pull to remove it.
 - 2 Insert the cord through the small hole in the top piece and push the cord all the way through, and out of the bottom. Thread the bottom piece onto the cord, making sure it is correctly orientated.
 - 3 Push the bottom piece back into the main body.
 - 4 Tie a **single** knot at the end of the cord, ensuring the knot is as close to the end of the cord as possible, to make sure the knot is concealed inside the bottom piece of the Light Pull.
 - 5 Pull the cord from the top until the knot is held securely inside.
-

Product Care

To retain the best quality finish, clean your product regularly with a soft cloth and mild detergents. Do not use abrasive or chemical cleaners as these will damage the product.
