

Angled Brushed Brass Thermostatic Radiator Valve & Lockshield - 15mm

An angled thermostatic radiator valve and matching lockshield set for 15mm heating pipework. The thermostatic valve uses a liquid-filled element to regulate radiator flow in response to room temperature, while the lockshield is used to balance the heating system.

Product Specifications

Specification	Details
Brand	DuraTherm
Product type	Thermostatic radiator valve & lockshield
Connection type	Angled
Control type	Thermostatic
Connection size	15 mm
Colour / finish	Brushed brass
Material	Brass
Style	Modern / contemporary
Thermostatic element	Liquid
Bi-directional	No
Lockshield included	Yes
Dimensions	15 (W) x 71.3 (H) x 47 (D) mm
MPN	PWTRV004BB
EAN	5056696003745
Guarantee	10 years

Key Features

- Angled valve configuration
- Thermostatic temperature control
- Liquid-filled thermostatic element
- Matching lockshield included
- 15mm connection size
- Brushed brass finish
- Brass construction
- 10-year guarantee

Installation Notes

This valve is not bi-directional, so observe the required flow direction during installation. Angled valves are suitable where pipework meets the radiator at approximately 90 degrees. Adjust the lockshield as required when balancing the heating system.
