

Corner Anthracite Radiator Valve & Lockshield - 15mm

A manually controlled corner radiator valve with matching lockshield, designed for compatible radiators and heated towel rails. The corner configuration helps create a neat pipework arrangement, while the anthracite finish coordinates with darker radiator finishes.

Product Specifications

Specification	Details
Brand	DuraTherm
Product type	Radiator valve & lockshield set
Valve configuration	Corner
Control type	Manual
Connection size	15 mm
Colour	Grey
Finish	Anthracite

Style	Modern

Key Features

- Manually controlled radiator valve
- Matching lockshield valve included
- Corner configuration for neat pipework
- 15mm connection size
- Modern anthracite finish
- Suitable for compatible radiators and heated towel rails

Installation Notes

Check the radiator or heated towel rail connections, pipe size and pipe orientation before installation. This is a manual radiator valve rather than a thermostatic valve. The heating system should be isolated before fitting, and installation should be carried out by a competent person.
