Key Features

- Manually controlled radiator valve
- Matching lockshield valve included
- Corner configuration for neat pipework
- 15mm connection size
- Durable brass construction
- Black finish
- 10-year guarantee

Installation Notes

Check the radiator or heated towel rail connections, pipe size and pipe orientation before installation. This is a manual radiator valve rather than a thermostatic valve. The heating system should be isolated before fitting, and installation should be carried out by a competent person.
