

Corner Brushed Brass Thermostatic Radiator Valve & Lockshield - 15mm

A corner thermostatic radiator valve and matching lockshield set designed for compatible radiators and heated towel rails. The thermostatic valve provides adjustable temperature control, while the corner configuration is particularly suited to pipework entering from the wall.

Product Specifications

Specification	Details
Brand	DuraTherm
Product type	Thermostatic radiator valve & lockshield set
Valve configuration	Corner
Control type	Thermostatic
Connection size	15 mm
Colour	Brass
Finish	Brushed brass
Lockshield included	Yes
Style	Modern

Key Features

- Thermostatic temperature control
- Matching lockshield valve included
- Corner configuration for neat pipework from the wall
- 15mm connection size
- Modern brushed brass finish
- Suitable for compatible radiators and heated towel rails
- 10-year guarantee

Installation Notes

Check the radiator or heated towel rail connections, 15mm pipe size and pipe orientation before installation. Corner valves are typically used where pipework comes directly out of the wall. The heating system should be isolated before fitting, and installation should be carried out by a competent person.
