

Corner Cross Head Black Radiator Valves - 15mm

A pair of manually controlled corner radiator valves with traditional cross-head handles. The corner configuration provides a neat connection for suitable pipework, while the black finish complements a wide range of radiators and heated towel rails.

Key Features

- Manually controlled radiator valves
- Corner configuration
- 15mm connection size
- Traditional cross-head handle design
- Black finish
- Suitable for compatible radiators and heated towel rails
- 10-year guarantee

Installation Notes

Check the radiator or heated towel rail connections, pipe size and pipe orientation before installation. These are manual radiator valves rather than thermostatic valves. The heating system should be isolated before fitting, and installation should be carried out by a competent person.
