Key Features

- Manually controlled radiator valves
- Corner configuration
- 15mm connection size
- Traditional cross-head handle design
- Durable brass construction
- Chrome finish
- Suitable for compatible radiators and heated towel rails
- 10-year guarantee

Installation Notes

Check the radiator or heated towel rail connections, pipe size and pipe orientation before installation. These are manual radiator valves rather than thermostatic valves. The heating system should be isolated before fitting, and installation should be carried out by a competent person.
