

Corner White Radiator Valve & Lockshield - 15mm

A manually controlled corner radiator valve with matching lockshield, designed for compatible radiators and heated towel rails. The corner configuration helps create a neat pipework arrangement, while the white finish offers a clean, modern appearance.

- Matching lockshield valve included
- Corner configuration for neat pipework
- 15mm connection size
- White finish
- Modern styling
- 10-year guarantee

Installation Notes

Check the radiator or heated towel rail connections, pipe size and pipe orientation before installation. This is a manual radiator valve rather than a thermostatic valve. The heating system should be isolated before fitting, and installation should be carried out by a competent person.
