

White Angled Radiator Valves - 15mm

A pair of angled manual radiator valves designed for 15mm central-heating pipework. Made from high-grade brass with a white finish, the 90-degree configuration is suitable where pipework approaches the radiator from the wall.

Product Specifications

Specification	Details
Brand	DuraTherm
Product type	Radiator valves
Valve type	Angled
Control type	Manual
Connection size	15 mm
Colour / finish	White
Material	Brass
Style	Modern
Bi-directional	Yes
Test standard	BS 2767
Pressure tested	Yes
Lockshield included	No
Quantity	2 valves
Weight	0.44 kg
Guarantee	10 years

Key Features

- Pair of angled radiator valves
- Manual control
- Bi-directional operation
- 15mm pipe connections
- High-grade brass construction
- White finish
- Pressure tested to BS 2767
- 10-year guarantee

Installation Notes

Angled radiator valves connect to the radiator at approximately 90 degrees and are commonly used where central-heating pipework approaches from the wall. Confirm the 15mm connection size and pipe arrangement before installation.
