

Natural drying with fresh air

Our 300 AirDry Dishwasher finishes each cycle with a breath of fresh air, performing 3x better than closed-door systems. The door opens automatically during the drying phase using fresh air to get plates and cutlery completely dry.

Our 300 AirDry Dishwasher technology finishes each cycle with a breath of fresh air, performing three-times better than closed-door systems. The door opens automatically during the drying phase and air leaves plates and cutlery completely dry.

Product Benefits & Features

3x better drying with AirDry

The new AirDry technology uses natural airflow to finish drying, for up to 3x better performance compared to closed-door systems. The door opens 10 cm towards the end of the cycle, letting air circulate for superb drying results.

Water touches every corner, with the Dual Spray Arms

Every glass, dish and plate is covered by the dishwasher's two rotating spray arms. The sprinklers make sure water gets into every corner, so your dishes come out sparkling. On both the upper and lower basket.

Quick and efficient

Your new time saver. When you have a light load, our 30-minute quick wash programme offers the perfect solution. And all without compromising on results. For the perfect washing result - fast.

Easy installation, PerfectFit

With PerfectFit Sliding Hinges, it's never been easier to install your new dishwasher. The hinges accommodate all niche machine heights and even remove the need to cut the plinth. You can be confident that your machine will fit into your kitchen perfectly.

Rinse and hold – pre-washing for freshness

If it takes you a few days to fill up the dishwasher, the rinse and hold programme will prevent the build-up of odours in the meantime. Water jets remove food remnants from plates and glassware, making sure the kitchen stays fresh.

- AirDry: The door opens automatically after the drying phase, ensuring dishes are perfectly dry every time.
- Delay start: Up to 3 hours.
- Upper basket: Height adjustable for extra flexibility.
- Inverter motor: Yes
- Touch control.
- XtraPower option: Extra cleaning power for heavily soiled dishes.
- Hinges: Sliding hinges for flexible installation.
- QuickLift: The upper basket moves smoothly up or down as needed.

Product Specification

Series	300	Upper Spray Arm Type	Dual spray arms
Energy Rating	F	Lower Spray Arm Type	Standard
Number of Place Settings	9	Inlet Pipe Type	Aqua control
Dishwasher Programs	90 Minutes, AUTO Sense, ECO, Machine Care, Quick Cycles, Rinse & Hold	Anti-flood Device Type	Floating switch
