

Quick temperature recovery, for full food protection

The 500 ColdSense Fridge Freezer quickly returns to the correct temperature after door opening and closing, thanks to precise electronic sensors. This helps prevent temperature shocks and food spoilage for total food protection.

Product Benefits & Features

ColdSense protects food by quickly restablising the temperature

ColdSense uses precise temperature sensors to quickly return the Fridge Freezer to the right temperature after door opening and closing. This helps prevent temperature shocks and food spoilage for total food protection.

Less freezer maintenance, with LowFrost

The integrated LowFrost system maintains your freezer's temperature to help prevent the build-up of frost. For better performance and less maintenance.

Compressor ten-year warranty

Enjoy total peace of mind knowing the compressor itself has a ten-year warranty. The warranty covers damages which could be incurred during labour, transportation, gas removal and refilling, or general maintenance.

Precise food storage with Internal Electronic Control

Take command of the storage conditions of your food with Internal Electronic Control. The LED indicators conveniently show you the temperature, and the settings remove any guesswork.

Balanced humidity creates ideal conditions for your food

Humidity control technology keeps humidity in balance. This helps keep food from drying out and condensation from building up.
