Key Features

- End panel for straight baths fitted into a corner
- Suitable for 700-750mm bath widths
- Can be trimmed to size and cut around pipework
- Smooth white gloss surface
- Vacuum-formed high-impact construction
- Recessed top edge
- 3-year guarantee

Installation Notes

Measure the installation carefully before cutting. Trim the panel as required to suit the bath width or accommodate nearby pipework. This is an end panel only and is normally used with a separate matching side panel.
