Bianca Tall Post Lantern User Instructions

Tools which may be required:

- Drill
- Cross Head Screwdriver
- Small Electrical Slotted Screwdriver
- Insulation Tape

Assembling the post lantern

Follow the guide on the next page to assemble the post.

Double insulated items (Class 2): Are marked with the symbol . This fitting must not be Earthed.

Do not wire this lantern into the lighting circuit - use a switched fuse spur.
Do not attach any part of it to an Earth Wire or terminal.

Selecting the correct lightbulb

Identify the correct maximum wattage and type of bulb by referring to the product labelling.

caution: only use a bulb of the same type designation and shape, and of the same or lower Wattage. Low Energy bulbs can be used where available

Allow the lamp to cool for at least 10 minutes before replacing spent bulbs.

Switch on!

You may now switch the electricity back on at the mains.

Cleaning care

Metal / Painted finishes should be cleaned with a soft, dry cloth only. Do not use polishes or abrasive cloths.

Glass shades should be given a light dusting only. Do not immerse in water or cleaning solutions.

Safety information

For your safety, please remember the following:

Always switch off the supply before removing shades/covers, changing lightbulbs or cleaning.

This product should be disposed of responsibly at the end of its life. Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice (Waste Electrical and Electronic Equipment Directive)
