Safety Notes

- ⚠ Gloves should be worn during installation to prevent crushing and cutting injuries.
- ⚠ The product may not be used as a holding handle. A separate handle must be installed.
- ⚠ Keep out of the reach of children!

Installation Instructions

- Prior to installation, inspect the product for transport damages. After it has been installed, no transport or surface damage will be honoured.
- The bonding surfaces must be clean, dry, wax and grease-free, able to bear weight and free of release agents. In most case it is best to wipe down the surface with a clean dry cloth. Do not use any conventional cleansers containing releaseagents. If necessary, use an alcohol cleaner or in the case of waxy natural stone, use a wax-removing cleaner. Rub this off with a clean, dry cloth before it evaporates.
- Check the proper attachment and tight seating of the installed products periodically (annually).
