

# Consort

**Its simplicity of design, ease of installation and low maintenance, makes the Consort shower cubicle a practical solution for both domestic and commercial bathrooms.**

Ideal for public buildings such as gyms and leisure facilities, as well as welfare units, the Consort offers exceptional versatility. It can be specified with your choice of electric or mixer shower controls, allowing seamless integration with your project requirements. Inward-opening, saloon-style styrene doors maximise available space, making it particularly well suited to compact or high-traffic environments.

The 900 x 900 Consort has been added to the range. It comes with a manual shower valve already in place but this can be exchanged if an alternative specification is preferred.

- All-in-one shower cubicle
- White profile and Styrene doors
- Saloon doors
- No shower included in 700 and 800
- No silicone needed
- Mechanical shower valve included in 900 cubicle
