

IKB84401FB Built-in Hob

Fast and efficient cooking results

Fast, precise and controllable, Induction cooking is becoming an increasingly popular choice for the discerning chef.

Clean as you cook

Because the surface around the pans stays cool as you cook, you can get rid of spills as you go along. Nothing gets burnt on, and there's nowhere for dirt to hide. So it's easy to keep the hob area looking pristine – even while you're still cooking.

Perfect control

'Direktouch' controls use the very latest digital technology to ensure precise heat selection.

More Benefits :
