Direct access to all your controls - thanks to the on-hob panel

This hob's controls are designed so that you can always access them straight away. Just reach over and make your adjustments.

Remembers where you left off

Whenever you get interrupted, you can put your cooking on hold with the Pause button. It makes sure nothing burns if you're called away from the kitchen and, conveniently, it remembers the different heats under all your pans. So when you're ready, one touch puts you back exactly where you left off.

Intuitive control over the end of the cooking process

For intuitive control, use the timer. It automatically switches the hob off when the cooking time has finished, while letting you know using its acoustic signal.

Always know exactly which zone is still hot

With this hob, you always know exactly which zones are still hot, thanks to the residual heat indicators, which cleverly reveal where the heat is.

Product Specification

PNC	949 492 775
EAN number	7333394064154
Width (mm)	590
Depth (mm)	520
Voltage (V)	220-240V/400V2N
Net Weight	7.6
Colour	Black
