

LFL429A Cooker Hood

A spotlight on your food / For total cooking visibility

Never miss a thing with the 600 LEDSpot Hood. Thanks to the integrated lighting, you can clearly see how your food is cooking on the hob. And it has been specially designed to be energy-efficient and long-lasting.

More visibility, less energy

Energy-efficient LEDs are ideal for sociable areas like the kitchen, where lighting is used frequently and for long periods of time. Bright, long-lasting and incredibly energy-efficient, they're an essential feature in modern homes.

Hood settings, made simple

Your cooker hood functions can be easily reached with our mechanical controls. Adjust the light settings or the fan speed for fast, flexible cooking.
