Consistently cool, with DynamicAir

DynamicAir makes sure that the environment inside your fridge is kept at a stable temperature. It works by circulating cool air throughout, meaning that even when the door is opened, your food is protected from heating up.

The Touch Electronic Control on Top offers easy access to functions

Precisely set the temperature and easily access the Fridge Freezer functions, thanks to the clear display of the Touch Electronic Control on Top.

Make room for tall items with FlexiShelf

With FlexiShelf, you can reorganise the interior of the fridge however you like. The movable, half-depth glass shelf can slide back, extend fully, or just halfway, to make room for taller items. The right flexibility for all storage needs.

Maintain perfect texture with FastFreeze

The FastFreeze system freezes fresh foods quickly so that vitamins, textures, flavours, and all healthy qualities are better preserved.
