

Merano Fluted Basin Mixer Tap

Modern single-lever basin mixer with distinctive fluted detailing

Bring modern detail and straightforward control to your bathroom basin with the Merano Fluted Basin Mixer Tap. Its rounded profile and textured lever give it a distinctive contemporary look, while the single-lever mixer makes it easy to adjust both water flow and temperature.

Key features

- **Single-lever basin mixer** - combines hot and cold water through one tap for simple flow and temperature control.
- **Fluted handle** - textured detailing adds character to the clean, contemporary design.
- **Single tap-hole fitting** - ideal for compatible basins with one tap hole.
- **Deck-mounted installation** - designed to fit directly onto the basin or suitable basin surface.
- **Solid brass construction** - provides a durable body for everyday bathroom use.
- **Ceramic and plastic cartridge** - designed for smooth, reliable operation.
- **Suitable for all water systems** - operates from a minimum pressure of 0.2 bar.
- **10-year guarantee** - covers manufacturing defects for added reassurance.
