

Merano Fluted Bath Mixer Tap

Modern deck-mounted bath mixer with twin fluted lever handles

Add a distinctive finishing touch to your bath with the Merano Fluted Bath Mixer Tap. Its rounded profile and textured twin lever handles combine contemporary styling with straightforward control, while the solid brass body and ceramic cartridge are designed for dependable everyday use.

Key features

- **Stylish bath mixer** - combines hot and cold water through a single fixed spout for convenient temperature control.
- **Fluted twin lever handles** - textured detailing gives the tap a distinctive, contemporary appearance.
- **Deck-mounted installation** - designed for baths with two suitable tap holes.
- **Solid brass construction** - a durable tap body designed for regular bathroom use.
- **Brass and ceramic cartridge** - provides smooth, reliable operation.
- **Suitable for all water systems** - compatible with systems operating from a minimum pressure of 0.2 bar.
- **Generous flow performance** - delivers 16.8 litres per minute at 0.2 bar, rising to 63.6 litres per minute at 5 bar.
- **10-year guarantee** - for added reassurance.
