Height	660 mm
Width	225 mm
Material	Ceramic
Warranty	25 years

Dimensional information

Only published, verified pedestal dimensions are shown. No depth dimension has been assumed. Drawing is schematic and not to scale.

Compatibility

The COMPEDL large full pedestal is designed for the RAK-Compact 550mm pedestal basin range. RAK's published catalogue lists COMPEDL alongside the COM55BAS1 one tap-hole and COM55BAS2 two tap-hole 550mm basins.

Installation notes

The pedestal is floorstanding and sits beneath a compatible basin, helping to support the installation and conceal pipework. This product is the pedestal only; the basin, taps, waste and associated fittings are supplied separately unless stated otherwise.
