TECHNICAL DATASHEET

Smedbo Outline T-Shaped Freestanding Double Towel Rail

Product code: FB616 | **Finish:** Black

A freestanding towel holder with two T-shaped rails at different heights. The circular floor plate provides a base without the need for wall mounting.

Technical specifications

Brand	Smedbo
Range	Outline
Model	FB616
Product type	Freestanding double towel rail, T-shaped
Material	Stainless steel
Finish	Black
Higher rail height	810 mm
Lower rail height	660 mm
Length of each rail	400 mm
Floor plate diameter	250 mm
Listed product weight	4,510 g
Installation type	Freestanding; no wall fixing required
Manufacturer warranty	10 years

Placement and care

Position the towel rail on a level, stable floor. Ensure the base sits flat and that the rails are not overloaded. Clean using a soft, damp cloth and dry afterwards. Avoid abrasive cleaners or pads that could mark the finish.

Document information

English-language technical summary compiled from Smedbo published product specifications. This is not a manufacturer-issued installation manual. Dimensions refer to the stated product, not installation clearances.
