TECHNICAL DATASHEET

Smedbo Outline T-Shaped Freestanding Towel Rail

Product reference: FK616 | **Finish:** Polished stainless steel

A freestanding double towel rail with two T-shaped horizontal rails set at different heights. Designed for towel storage without wall mounting.

Technical specifications

Brand	Smedbo
Collection	Outline
Product code	FK616
Product type	Freestanding double T-shaped towel rail
Material	Stainless steel
Finish	Polished stainless steel
Upper rail height	810 mm
Lower rail height	660 mm
Rail length	400 mm (each)
Circular base diameter	250 mm
Published product weight	4,510 g
Mounting	Freestanding; no wall fixing required
Warranty	10 years

Placement and care

Position the stand on a stable, level floor, leaving enough space for towels to hang freely. Clean the polished stainless steel with a soft, damp cloth and dry with a clean cloth. Avoid abrasive cleaning products.

Source and document status

Specifications compiled from the manufacturer’s published FK616 product information: smedbo.com/products/outline-handdukshangare-frista-3. This is an independently prepared English technical datasheet, not a manufacturer-issued installation manual. Dimensions are product measurements, not required installation clearances.
