* Valves are not supplied with T piece.

Daily Care Instructions

1. The surface of the T Piece should be cleaned with warm soapy water. Strong acid and alkaline cleaning agents are not suitable for the cleaning of the surface.
2. Limescale, rust, etc. on the T Piece. Simply wipe the surface with a damp cloth or sponge dipped in a little distilled vinegar solution, then dry with a clean rag or rinse well water.

NOTE: This product should only be fitted by a fully qualified installer.
