

Anthracite 15mm TRV Dual Fuel Corner Valve

Product Code: 129038

A thermostatic corner dual-fuel valve for heated towel rails. It provides thermostatic temperature control and allows a compatible towel rail to be used with both central heating and an electric element without a separate T-piece.

Product Specifications

Specification	Details
Brand	Towelrads
Product type	Dual fuel thermostatic radiator valve
Product code / MPN	129038
EAN	7426968150602
Orientation	Corner
Connection size	15 mm
Inlet connection	15 mm compression
Outlet connection	1/2" BSP
Control type	Thermostatic
Sensor type	Liquid sensor
Temperature range	7-32 deg C
Frost protection	Yes
Material	Brass
Colour / finish	Anthracite
RAL colour code	7012
Shape	Round
Dual fuel compatible	Yes
Separate T-piece required	No
Heating element included	No
Approx. dimensions	111 x 62 x 50 mm
Manufacturer guarantee	2 years

Key Features

- Thermostatic temperature control
- Dual-fuel towel rail compatibility
- Corner configuration for wall-fed pipework
- 15mm compression inlet
- Brass construction
- Liquid sensor
- Frost protection
- No separate T-piece required
- Electric element not included

Installation Notes

Towelrads states that this corner valve is intended for pipework coming from the wall. Use with a compatible dual-fuel towel rail and electric heating element. Check connections and element compatibility before fitting.

Source check: An official Towelrads product page for 129038 was found and used as the primary source. I also searched specifically for an original product-specific PDF datasheet, but did not find one. Additional technical fields were cross-checked against current retailer specifications.
