

TOWELRADS VETRO GLASS ELECTRIC

Available in black or white glass or a mirrored finish, this is a high output, 100% 'Green', frameless glass radiator that uses infrared technology. Its beautiful design comprises an innovative touch screen control (electric version) with a 7 day timer and built in thermostatic sensors. Their IP construction makes them water-resistant so they are perfect for wet rooms and bathrooms.

Low energy consumption.

Shatterproof – 10mm laminated toughened safety glass (UN12600-IBI).
