

The **NEW** Greenstar Comfort intelligent heating controls

Controls that
everyone will be
comfortable with.

Controls to meet all your customer's needs

With the feedback from installers and homeowners, this latest generation of wireless controls is **easy to install** and **simple to use**, with a **wider choice** of programming options than ever before.

The **intuitive menu navigation** allows for a straightforward handover with the homeowner.

The Comfort range also uses the latest control technologies to provide a host of advanced features, including **reliable wireless communication** and energy-saving **load compensation**.[†]

*Any Comfort control purchased with a Greenstar boiler will automatically acquire the same guarantee period as the boiler. T&Cs apply. [†]Wireless communication and load compensation only applies to Comfort I RF and Comfort II RF.
